

1500V Communication Power Supply Cabinet Distributor

They feature power supply, distribution, and protection equipment as well as radio systems and passive or active cooling. Contact us today to learn about all the options and to find a solution that is right for ...

Find the perfect 1500v communication power supply cabinet under warranty with our comprehensive selection and ensure the right fit!

DC distribution box/combiner panels for PV, ESS, EV & telecom--1500V DC, gPV fuses or DC breakers, Type 1/2/1+2 SPDs, isolator, monitoring, IEC/UL compliant.

Our standard power supply cabinets offer efficient power processing & synchronous rectification, ensuring cool temperatures & longer runtime. See more!

With the BOLAB AnyWave control unit, you can control your power supplies and execute any waveform you desire. Whether you want simple sine waves, complex signal shapes, or specific test profiles, ...

Our base station cabinets can directly power nearly any communication equipment they house. The design of our racks and cabinets allow for high integration with different backup time and easy ...

These modules are used in distributed power architectures to efficiently step-down (buck) or step-up (boost) voltages close to the load for improved efficiency.

With industry-leading power density, rugged current-fed power processing, and the state-of-the-art MagnaLINK distributed DSP digital control architecture, the SLx Series meets the long-term DC ...

The smaller TRIO 1500V/1.5A DC/DC converter was specially developed to serve as a reliable source of distributed power to all kinds of data acquisition systems by being connected directly to the array or ...

Power conditioning and distribution cabinet that offers the benefits of a custom-tailored system while offering the convenience and cost savings of a pre-packaged, factory-tested solution.
