

The FoxESS HV2600 is a reliable and efficient energy storage solution, ideal for those looking for flexible, scalable and durable battery systems. Its high performance, expandability and long life make ...

The HV2600 is a high-performance, scalable battery storage module. The modular design allows for maximum flexibility, making it suitable for a broad range of storage applications.

The HV2600-V2 High Voltage Battery, is a high-performance, scalable energy storage module designed for use with the Fox HV Inverter-Charger range. With its modular design, this battery is suitable for a ...

The Fox HV2600 2.6kWh Battery (V2) is scalable solar battery storage module with 2.6kWh capacity designed for use with the Fox ESS inverter and charger range. This is the V2 (Version 2) model of ...

The GivEnergy GIV-BAT-ECO-2.6 is a 2.6kWh eco battery, which utilises the ...

2.6kWh LiFePO4 prismatic-cell battery from GivEnergy with market-leading 10yr/26MWh warranty

Fox Ess HV2600 V2 is one of the high-voltage battery on the market. HV2600 V2 high voltage battery is full of advanced features.

The GivEnergy GIV-BAT-ECO-2.6 is a 2.6kWh eco battery, which utilises the latest LiFePO 4 prismatic cell technology. The battery has a small, lightweight and modular design and features an active BMS ...

The PHI 2.6TM kWh 60 Amp deep-cycle Lithium Ferro Phosphate (LFP) battery is optimized with proprietary cell architecture, power electronics, BMS and assembly methods. It is modular, ...

The modular design of the Fox HV2600 battery allows for maximum flexibility, making it suitable for a broad range of storage applications.

The GivEnergy 2.6kWh battery is a compact modular storage solution ideal for flats, new builds, and social housing. Its small size makes it suitable for installation in lofts or tight spaces, while allowing ...
