

As we do every year, we've gathered data around some of the most pivotal news stories of 2025, including President Donald Trump's return to the White House, the changing U.S. ...

What happened and who was famous in 2025? Browse important and historic events, world leaders, famous birthdays and notable deaths from the year 2025.

The global market for large capacity lithium-ion battery packs is experiencing robust growth, driven primarily by the burgeoning electric vehicle (EV) sector and the increasing demand for energy ...

In this work we describe the development of cost and performance projections for utility-scale lithium-ion battery systems, with a focus on 4-hour duration systems. The projections are developed from an ...

2025 was a year marked by major events, including Trump's return, the first American pope, climate crises, AI advancements, and inspiring global efforts.

According to BNEF, battery pack prices for stationary storage fell to \$70/kWh in 2025, a 45% decrease from 2024. This represents the steepest decline among all lithium-ion battery use ...

In 2025 numerous countries--such as the United States, Canada, and Germany--installed new national leaders, and some transitions were contentious. Several African ...

Here is a look back at the events of 2025. January 1 - Fourteen people are killed and dozens are injured when a driver rams his pickup truck into a crowd during New Year's celebrations ...

She also became the first Black woman to win country album of the year. Beyoncé appears at the 67th annual Grammy Awards on February 2, 2025 in Los Angeles California.

The battery pack market was estimated at USD 161.1 billion in 2025 and is expected to grow at a CAGR of 12.1% between 2026 and 2035, driven by the increasing focus on sustainability and tightening ...

This presentation includes various examples of companies in which Battery Ventures has invested. These examples are included as illustrations of sectors in which Battery Ventures invest. For a ...

The year 2025 has (so far) been one for the history books. Simmering conflicts have escalated into wars, while ongoing wars have seen more casualties than ever. Politics was shaken ...

Here are the 2025 best inventions making the world better, smarter, and more fun.

The Portable Battery Pack Market is expected to reach USD 17.95 billion in 2025 and grow at a CAGR of 14.65% to reach USD 35.56 billion by 2030. Anker Innovations, Xiaomi Corporation, ...

February 14, 2025: Tesla launched production at its Megapacks ESS battery plant in Shanghai on February 11, just eight months after construction began.

The global lithium-ion (Li-ion) battery industry finds itself at a new inflection point. Demand for Li-ion batteries crossed the milestone threshold of 1.0 terawatt-hours (TWh) in 2024 and likely ...
