

After-sales service for automated containerized photovoltaic energy storage systems in Tajikistan

Our dedicated and highly experienced team specializes in delivering comprehensive Containerized Battery Energy Storage Systems (BESS) tailored precisely to your commercial or industrial needs.

Customers can anticipate a range of services from after-sales support, tailored to enhance the performance of their energy storage systems. Routine maintenance, technical ...

Our support team will provide solution within 72 hours. Customer dissatisfaction caused by loss of non-critical functions, degradation of non-critical performance of products, or partial damage or shortage ...

Yes, we offer comprehensive after-sales support including remote monitoring, maintenance services and technical support. Our mobile photovoltaic containers come with a warranty and optional service ...

A full range of services for the implementation of battery energy storage systems (BESS) for solar PV power plants and other renewable energy facilities, industry and the commercial sector.

With integrated remote monitoring and diagnostics, our containers offer maximum energy independence and operational reliability. Before shipping, all systems are pre-assembled, tested, and pre ...

Our containerized ESS products include not only state-of-the-art battery energy storage systems but also expert engineering services to support every phase of your project lifecycle.

Expert in solar energy storage, ATESS offers energy storage solutions & EV charger solutions and delivers clean power to more than 85 countries, with 13 offices and warehouses worldwide.

Dagong ESS, a division of Dagong New Energy, delivers modular containerized energy storage systems ranging from 100kWh to 5MWh+, with both air-cooled and liquid-cooled options.
