

East Africa is emerging as one of the world's most dynamic regions for solar power and battery storage. On 3-4 February 2026, Intersolar Africa will take pla...

Omole warns that investment in battery storage is nowhere near sufficient for the existing pipeline of solar projects in Africa, let alone the much greater volumes of solar power likely to be ...

In Angola, 75.26 MWh of battery storage has begun operating as part of Africa's largest off-grid renewable energy system to date.

The Government of Uganda authorised the construction of a 100 MW solar photovoltaic plant with a 250 MWh battery energy storage system in Kapeeka. The facility will be developed by ...

The Government of Uganda has officially issued a Gazetted Policy Direction authorizing the development of a 100 megawatt-peak (MWp) solar photovoltaic (PV) power plant integrated with ...

Our Projects EA Astrovolt is developing multiple renewable energy projects across East Africa, focusing on solar, geothermal, and battery storage solutions to create a sustainable energy ...

The project will be constructed in two phases, with the first phase investing Yuan 3 billion to install lithium battery cells and modules BMS, PACK, Container and other production lines; The second ...

The Government of Uganda has issued a Gazetted Policy Direction authorising the development of a 100-megawatt-peak (MWp) solar PV plant with 250 megawatt-hours (MWh) of ...

Our off grid solar systems with our solar container offers energy for Africa though a sustainable microgrid with battery storage.

East Timor Solar Energy Storage Container with Ultra-Large Capacity Did DLA Piper advise Eletricidade de Timor-Leste on power purchase agreement?DLA Piper advised Eletricidade de Timor-Leste on ...
