

We are an integrated energy company that provides electricity to 3 million utility customers in Arkansas, Louisiana, Mississippi and Texas.

Electricity costs have been steadily rising for years now, outpacing inflation. The average monthly residential electricity bill increased from about \$121 in 2021 to \$156 in 2025, a nearly 30% rise.

Electric Yerevan had been preceded by previous smaller movements against price hikes on marshrutkas public transportation and a new mandatory pension savings system. Then in June 2015, the Armenian Public Services Regulatory Committee (PSRC) increased the price of electricity for the public. The cost increased by 7 drams (US\$0.01) per kilowatt hour, to be effective on August 1, 2015. This was the third price increase for electricity over the last few years, with ...
