

Massive 280Ah Energy Storage: Designed to power large systems with long runtime and fewer recharge cycles. Strong Charge & Discharge Performance: Handles 280A continuous current and 560A peak ...

EVE Brand New Grade A LF280K 3.2 V 280ah LiFePO4 Battery Cell With 6000 life cycles and 2C discharge rate. Individual pricing for large scale projects and wholesale demands is available.

EVE Lithium LF280K Version 3 are the best versions of the 280K cell line, these LiFePO4 prismatic cells that can be used in various applications from automotive, backup power, energy storage and other ...

10 YEARS LIFE/5000+ CYCLES: Our LiFePO4 Battery has better performance than the acid-lead battery at the same capacity, which can provide more power in daily use. All batteries are ...

Highly automated production equipment to ensure battery consistency. Square aluminum shell structure, high-precision explosion-proof valve design, good safety performance. Low internal resistance, high ...

Discover the 280Ah LiFePO4 prismatic cell with 6000 cycles, perfect for solar energy storage and off-grid systems. Grade A quality for reliable, long-lasting power.

EVE LF280K-V3 is a LiFePO4 battery cell designed and produced by the top lithium ion battery company. With 280Ah capacity, LF280K-V3 can be applied for electricity storage solutions.

EVE 3.2V 280Ah Prismatic LiFePO4 cell. This battery is widely used in electric vehicles, electric motorcycles, solar power, energy storage, etc.

EVE LiFePO4 Battery Cell Models.

With an impressive 280Ah capacity and high energy efficiency, this battery is ideal for energy storage systems, electric vehicles (EVs), and off-grid power solutions, offering long cycle life and stable ...
