

Namkoo's Solar Solution Namkoo, a leading provider of solar solutions, came to Sabastian's rescue with a 3KW DC solar pump. This innovative technology harnesses the abundant ...

The India-UN Fund-supported project seeks to provide access to safe drinking water for 40,000 people, over half of whom are women and girls in the rural areas of Aquin and Baconnois, ...

The domestic market in Haiti for reliable clean energy systems is largely untapped, with electricity demand expected to increase by 50% by 2030. The island's tropical climate makes it an ideal ...

Solar water pumps are emerging as a game-changer, combining renewable energy with practical solutions for agriculture, community water supply, and disaster relief. This article explores the Haiti ...

In addition, concrete improvements in the drinking water supply shall be obtained especially in schools in the Leogane earthquake region through the application of 3 demonstration ...

Company News Sunmoy FS3 and FSC4 solar powered submersible pumps are made ready for Haiti client A batch of solar-powered submersible water pumps has been prepared for ...

Solartech supports the implementation of solar water pumping irrigation and livestock drinking water projects in Haiti. The project uses SPM-S-AD solar pumping inverters to achieve a ...

Project Introduction: We're thrilled to share another successful solar pumping project delivered by ECCNTECH! Location: Saint Marc, Haiti System Power: 1.5kW Solar Pump Solar Array: ...

These solar energy systems produce approximately 40 kWh of energy to operate a 30 kWh pump with a flow rate of 125 gallons of water per minute, with the capacity to irrigate 25 ...

f solar and battery power for filtration pump units. We have taken into account weather issues and considered inefficiencies in our equations or determining how much of each component is ...
