

The Huawei SUN2000L-36KTL-M3 hybrid inverter is part of Huawei's innovative new range of residential inverters.

SUN2000-30~40KTL-M3 raises potential between PV- and ground to above zero through integrated PID recovery function to recover module degradation from PID. Supported module types include: P-type ...

*1 The maximum input voltage is the upper limit of the DC voltage. Any higher input DC voltage would probably damage inverter. *2 Any DC input voltage beyond the operating voltage range may result in ...

The Huawei 36kW GPRS inverter bridges the gap between solar hardware and smart management. Whether you're managing a 100kW rooftop array or a 10MW solar park, this technology delivers:

The Huawei SUN2000-36KTL-M3 inverter is an innovative Huawei solution with three-phase grid connection without battery, with an output power of 36000W.

The Huawei SUN2000-36KTL-M3 is a three-phase on-grid inverter that is part of a series of products utilizing three-stage circuit topology, with a maximum efficiency of up to 98.7%.

The SUN2000 36 kW 3-phase string inverter by Huawei is a high efficiency, high reliability option in the three phase string inverter market. It has a peak efficiency of 98.7% and a EU efficiency of 98.4%, ...

This inverter can power all kinds of appliances in home or office environment, including motor type appliances such as refrigerator and air conditioner. **KEY PRODUCT FEATURES**

Operating Altitude Without Derating.

Ground fault protection Residual Current Monitoring Unit (RCMU) integrated inside Reliable No need for external fans with natural cooling technology Protection rating of IP65 Inquiry Categories Huawei, ...
