

A Leading Manufacturer Of High-Quality Solar Photovoltaic Panels, Providing Reliable Solar Energy Solutions For Various Applications. Explore Our Solar Panels For Sale Today!

LONGi's technological and manufacturing leadership in solar wafers, cells and modules underscores our commitment to helping accelerate the clean energy transition. By offering high-quality, reliable ...

LONGi had scaled up high-volume manufacturing of bifacial modules and has become the largest producer of bifacial PV products, with cumulative shipments of bifacial modules surpassing 20GW in ...

The results show that currently the photovoltaic power generation technology is relatively mature and widely applied, and passive photovoltaic technology can play a greater role in reducing energy ...

There are solar photovoltaic panels on almost all its rooftops and in every courtyard. For generations, residents of the village in Wuyuan county, Inner Mongolia autonomous region, depended on straw, ...

The company had the land filled in and leveled and then built a photovoltaic power station there. Rows of solar panels were installed, and beneath them villagers grow crops and raise livestock.

In March 2025, Beigao Village became China's first rural settlement to achieve 100% solar-powered infrastructure through its innovative photovoltaic panel network.

LONGi is a world leader in the clean energy transition. We provide a comprehensive suite of solar PV solutions that can optimize a wide range of project applications. LONGi was honored to accept the ...
