

# Low-pressure folding shipping containers used in Ukrainian schools

The KuKuk Box play containers are available in various versions, and one of them has been specially developed for use in crisis regions. These containers can also be transported to more distant regions ...

Together with the Government of Germany, UNDP in Ukraine has embarked on restoring 11 war-affected Ukrainian schools in Kirovohrad, Lviv, ...

"Latest available data from 2022 show that children in Ukraine are around two years behind in reading, a year behind in maths, and half a year behind in science. With the persistence of ...

The Ukrainian territories currently occupied by Russia had about 900 schools before the full-scale invasion. Many of them are now closed, while the ones still operating openly are using ...

None of the city's schools are still used for lessons as it's too dangerous. The city has looked underground, to the subway and newly built bunker schools to protect children as they learn.

The initial plan was for it to be used as an art center, and later, it could be used as a mobile school, lecture hall, event venue, or even a private residence.

At Conexwest, we're proud to offer a selection of classroom containers that are specifically designed to help educational institutions expand their facilities and bridge the gap until a more permanent ...

Through play, the traumatised children of Ukraine can at least find some distraction. So play containers are a very important initiative for them.

The ability to shorten, lengthen and adapt a shipping container results in truly eye opening projects that revolve around this rather traditional steel box. The corrugated wall panels, frame, cargo doors, and ...

Together with the Government of Germany, UNDP in Ukraine has embarked on restoring 11 war-affected Ukrainian schools in Kirovohrad, Lviv, Poltava, Khmelnytskyi, and Cherkasy oblasts.

In Ukraine, the opportunities for learning and skills development have been disrupted repeatedly, first due to the COVID-19 pandemic and, since February 2022, the escalation of the war.
