

Price Reduction for Corrosion-Resistant Folding Containers Used in Port Terminals

Learn about the benefits of SeaFold collapsible containers. Up to 56% cost savings, 80% more storage efficiency, and a 69% fewer emissions.

Oerlikon Metco's thermal spray surface solutions protect shipping containers from corrosion for up to 25 years. Transport companies benefit through reduced liability, lower container maintenance and ...

The motivation for this new storage system is to reduce energy demand at ports by avoiding direct solar radiation on a significant portion of reefer containers in the port, meaning ...

Learn how foldable steel containers are gaining traction due to efficient storage and transportation benefits.

We use the model to minimize total transportation costs, inventory holding, handling, folding and unfolding, container leasing, and installing facilities that accommodate foldable...

COLLAPSECON is the collapsible shipping container pioneering the future of global trade. It's practical and rigid design saves on space, cost and handling, and helps to significantly reduce industry ...

Foldable containers address this issue by reducing empty return logistics costs by up to 75%, as seen in companies such as Staxxon and Singamas, which offer ...

Abstract--This study investigates the commercial viability of foldable containers from a carrier's perspective. A cost-benefit and sensitivity analysis is conducted for operating regular and foldable ...

Foldable containers address this issue by reducing empty return logistics costs by up to 75%, as seen in companies such as Staxxon and Singamas, which offer collapsible designs that minimize space usage.

By implementing Staxxon's foldable containers into the supply chain, the industry can mitigate the impact of misplaced containers, reduce the cost of repositioning empty containers, and ...

How do folding shipping containers save on costs? These containers reduce the need to transport empty units, significantly lowering freight costs and optimizing the use of space in shipping ...
