

As Yaoyao's role mainly relies on healing others, I personally think that we need to find weapons that increase HP, energy recharge, and elemental mastery. Feel free to refer below!

While affected by the Adeptal Legacy state caused by Moonjade Descent, if White Jade Radish explosions damage opponents, 3 Energy will be restored to Yaoyao. This form of Energy regeneration can ...

Learn about Yaoyao's best builds, Talent priority, best weapons, best artifacts, and best teams in this quick guide. Note that the information given may change if new discoveries are made. More extensive testing is in ...

Favonius Lance is the recommended weapon for Support Yaoyao due to it's high ER stat and ability to generate energy for the whole team. Yaoyao's only real issue is her high Burst cost and while her Skill can generate ...

While affected by the Adeptal Legacy state caused by Moonjade Descent, if White Jade Radish explosions damage opponents, 3 Energy will be restored to Yaoyao. This form of Energy regeneration can occur once ...

Good HP stat for Yaoyao's healing and also provides energy restoration for her. CRIT Hits have a 60~100% chance to generate a small amount of Elemental Particles, which will regenerate 6 Energy for the character. ...

Yaoyao is a Dendro polearm user whose main role is a healer ...

Yaoyao is a Dendro polearm user whose main role is a healer and an elemental applicator for Dendro teams in Genshin Impact. See Yaoyao's best builds, weapon, artifacts, team comp, materials, and ...

Calls upon "Yuegui: Throwing Mode," a special device created by a certain adeptus to help Yaoyao solve her problems. This skill will be used differently in Holding Mode. Enters Aiming Mode to adjust the throw direction.

I'd recommend running a Fav Lance on her to try to supplement her natural energy generation. That said, I don't think Yaoyao with a Fav Lance--on her own--will be enough to battery Alhaitham if he has ...

Yaoyao's energy cost for her Elemental Burst requires a whopping 80 Energy. Unlocking her first two constellations will allow you to build her with less Energy Recharge stats.
